To Whom It May Concern:

As a high school football coach and teacher, I know the temptations that are present in our nation's schools. So every year, as the homecoming season grows near, I ask a special guest speaker to come and speak to my team about the importance of making "good choices." Recently, my team and I had the pleasure of hearing from Nikita Koloff. Nikita was a very interesting man with a very powerful message. He grabbed my player's attention like no one person has previously. Nikita's covered issues such as playing as a team, always giving maximum effort, and the importance of staying away from drugs and alcohol. These are things that my players hear daily, but because of Nikita's entertaining and charismatic nature his message seemed to really hit home with my players. I am very glad that he took the time to speak with the young men of Crestview.

Sincerely,

Sean Conway
